

# IC-RDKL

## Decoration stations

With the new IML-T<sup>®</sup> decoration unit IC-RDKL, ILLIG now also offers the brilliant decoration of lids in thermoforming. This allows for matching high-quality packaging made of IML-T<sup>®</sup> cups and IML-T<sup>®</sup> lids.

ILLIG has expanded the decoration technology, in-mold labeling in thermoforming, IML-T<sup>®</sup>, with the new decoration unit IC-RDKL. This enables the economical production of brilliantly decorated lids. The IC-RDKL can be integrated into existing IC-RDK 80 production systems. Manufacturing costs of decorated thermoformed lids are 20 percent lower than injection-molded lids since the weight is substantially lower, the output is higher and machine investment is lower. With IML-T<sup>®</sup> systems the operator benefits from high flexibility by fast format and tool changes with low tool costs at the same time.

## BENEFITS

+ PACTIVITY<sup>®</sup>    + CLEANTIVITY<sup>®</sup>    + LABEL ACCURACY +/- 0,3MM

## TECHNICAL DATA

### IC-RDKL

Decorating station

**756** mm X **565** mm

Forming area

max. **120** mm

Formed part height

max. **24** cpm

Cycle speed

**1-35**

Number of cavities

# SERVICES

## SPARE PARTS

With machine spare parts we offer our customers worldwide optimal support. Safe, reliable, superior parts for guaranteed quality.

## SPARE PARTS

With tool spare parts we offer our customers worldwide optimal support. Safe, reliable, superior parts for guaranteed quality.

## MONITORING

Our Monitoring products provide you a competitive advantage. Data analysis via our secure remote access service, enables you reduced costs and time for trouble shooting and increase the availability of your ILLIG system.

# SERVICES

## PROCESS IMPROVEMENT

Our experts will help you with production or optimize the entire thermoform process to achieve more performance, better product quality and higher machine availability for your ILLIG system.

## SERVICE AGREEMENTS

With service agreements we provide you support for your ILLIG system over the entire lifecycle.

## TECHNICAL SERVICES

Technical Services offers our customers worldwide technical support.

# SERVICES

## TECHNICAL TRAINING

Master complexity - increase return. In accordance to this motto we educate the delegates to advanced line specialists.

## UPGRADES

With upgrades for our machines, our customers can implement new applications and functional enhancements and thus realize new customer requirements, improve profitability and increase their added value in a targeted manner.

## ACCESSORIES

ILLIG accessories with ILLIG Quality. High-quality materials with a long lifespan, with targeted use, are a guarantee for optimal work results.
